Requestor's Position Summary: "...the services that were rendered on 10/8/14 are considered to be a separate encounter from the surgery date."

Amount in Dispute: \$21.76

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "We have escalated the bills for additional review..."

Response Submitted by: Gallagher Bassett, 6404 International Parkway, Suite 2300, Plano, TX 75093

SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
October 8, 2014	36415, 80053	\$21.76	\$21.76

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical services.
- The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - 97 – The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated

Issues

1. Are the insurance carrier's reasons for denial or reduction of payment supported?
2. What is the rule applicable to reimbursement?
3. Is the requestor entitled to additional reimbursement?

Findings

1. The insurance carrier denied disputed services with claim adjustment reason code 97 – “The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated.” 28 Texas Administrative Code §134.203 (b) states, “For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules.” Per MLN Matters® Number: MM8572, 2014 Hospital Outpatient Clinical Diagnostic Laboratory Test Payment and Billing, “Since the inception of the OPPTS, OPPTS hospitals were paid separately for clinical diagnostic laboratory tests or services (laboratory tests) provided in the hospital outpatient setting at Clinical Laboratory Fee Schedule (CLFS) rates. Beginning in CY 2014, payment for most laboratory tests (except for molecular pathology tests) will be packaged under the OPPTS. The general rule for OPPTS hospitals is laboratory tests should be reported on a 13X bill type. There are limited circumstances described below in which hospitals can separately bill for laboratory tests. For these specific situations CMS is expanding the use of the 14x bill type to allow separate billing and payment at CLFS rates for hospital outpatient laboratory tests. Laboratory tests may be (or must be for a non-patient specimen) billed on a 14X claim in the following circumstances: (1) Non-patient laboratory specimen tests; non-patient continues to be defined as a beneficiary that is neither an inpatient nor an outpatient of a hospital, but that has a specimen that is submitted for analysis to a hospital and the beneficiary is not physically present at the hospital; (2) Beginning in 2014, when the hospital only provides laboratory tests to the patient (directly or under arrangement) and the patient does not also receive other hospital outpatient services during that same encounter; and (3) Beginning in 2014, when the hospital provides a laboratory test (directly or under arrangement) during the same encounter as other hospital outpatient services that is clinically unrelated to the other hospital outpatient services, and the laboratory test is ordered by a different practitioner than the practitioner who ordered the other hospital outpatient services provided in the hospital outpatient setting. In this case the lab test would be billed on a 14X claim and the other hospital outpatient services would be billed on a 13X claim. It will be the hospital's responsibility to determine when laboratory tests may be separately billed on the 14X claim under these limited exceptions. In addition, laboratory tests for molecular pathology tests described by CPT codes in the ranges of 81200 through 81383, 81400 through 81408, and 81479 are not packaged in the OPPTS and should be billed on a 13X type of bill.” Review of the submitted information finds that the requestor did submit the disputed service as type of bill 141. The insurance carrier's denial reason is not supported. The disputed services will therefore be reviewed per applicable Division rules and fee guidelines.
2. Per 28 Texas Administrative Code §134.203 (e) “The MAR for pathology and laboratory services not addressed in subsection (c)(1) of this section or in other Division rules shall be determined as follows: (1) 125 percent of the fee listed for the code in the Medicare Clinical Fee Schedule for the technical component of the service; and, (2) 45 percent of the Division established MAR for the code derived in paragraph (1) of this subsection for the professional component of the service.” The maximum allowable reimbursement will be calculated as follows;
 - a. 36415 – 2014 Clinical laboratory fee schedule allowable \$3.00 x 125% = \$3.75
 - b. 80053 – 2014 Clinical laboratory fee schedule allowable \$14.41 x 125% = \$18.01
3. The total allowable for the services in dispute is \$21.76. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$21.76.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$21.76 plus applicable accrued interest per 28 Texas Administrative Code §134.130 due within 30 days of receipt of this Order.
